

Program Design & Curriculum

The MSc in Finance and Controlling degree provides advanced knowledge in financial management and controlling, two fields which have become highly interrelated. The program is a strategic balance of general business courses and finance and controlling specialization ones. The aim of these, as they have been designed, is to provide you with a solid understanding of the business organization and its various functions and deliver you the tools to critically assess corporate priorities, and therefore make financial and controlling decisions. The course outlines, provided in this section will help you explore the challenging intellectual level of the program and its advanced delivery content tools, such as video materials, cases, research papers, latest articles and academic reviews. This degree requires mathematical and analytical skills. The MSc. in Finance is ideal for individuals active in these fields or who wish to develop a thorough understanding of the subject. They will provide active professionals with critical knowledge and tools and for their professional advancement. The recruitment potential of this degree is very large, as all companies require financial management and larger firms will recruit a growing number of corporate controllers.

Admission Criteria

SMC University welcomes qualified applicants with no discrimination towards their gender, age, cultural, ethnic, religious and racial backgrounds. Distance learning candidates are admitted on a continuous basis, admission procedures are free of charge.

Admission at Swiss Management Center sets minimum criteria which have been designed to identify applicants who have sound academic potential and who show creativity, critical thinking, social and moral values, evidence of English language proficiency and strong motivation.

Successful applicants must fulfill the following criteria:

- Bachelor degree from an internationally recognized academic institution.
- Min. 4 years of work experience in executive or senior management positions
- Proficiency in English

Tuition Plan

Tuition is calculated for the entire program and includes e-books and all learning materials and exam fees. Courses will be activated after receipt of the tuition. Students are responsible for obtaining additional reading materials (not compulsory). For full payment details please refer to the SMC University website or contact the administration.

Capstone Project

All students will complete a capstone project. This requirement, synthesizes the student's learning in a single project that demonstrates the student's fulfillment of the program's learning goals.

Capstone Project Expectations

- A research-based paper between 50 and 75 pages;
- An action project, accompanied by a substantial essay that sets the project within intellectual and personal contexts; discusses its design, process and outcomes; and reflects on the student's learning;
- A creative project, accompanied by a substantial essay that sets the project within intellectual and personal contexts, discusses the process and its outcomes, and reflects on the student's learning; or
- An apt combination of these forms.

Graduation Requirements

The Master Degree is granted following the successful completion of the subjects and the completion of a Capstone Project presented to the Defense committee of Swiss Management Center. Students should achieve a minimum overall GPA of 2.7.
